An ASSA ABLOY Group brand

ASSA ABLOY

Works With Your Smart Home!

Upgrade any Assure Lock or Lever with a Yale Smart Module

- Add to your smart home with a couple of steps
- Monitor, lock and unlock from anywhere
- View access history of who's entered your home
- Receive notifications on your smartphone
- Manage virtual keys or entry codes
- Over 50 compatible systems including Samsung SmartThings, Simplisafe, Honeywell, Vera, Ring Alarm, Alarm.com, Xfinity Home, Control4 and more
- Works with voice assistants including Amazon Alexa and Google Assistant when used with a compatible system (or Yale Access)

Note: Features may vary based on integration system or module. Compatible system and app are required. No Yale app is available - the partner app must be used.

Available Yale Smart Modules

Yale Access App

All Assure Locks and Levers are available with Wi-Fi and Bluetooth to work with the Yale Access app.

Yale Connect Wi-Fi Bridge

Unlocks Automatically
The lock will unlock as you approach, when you have your phone on you.

Control from Anywhere
Lock, unlock, share access, see who comes and goes & more using your app, from anywhere!

Share Access
Create entry codes and virtual keys to share with people you trust.

DoorSense™
Includes DoorSense, a sensor that tells you if your door is securely closed.

Voice Compatible
Lock, unlock and check lock status with Amazon Alexa, Google Assistant or Siri!

Locks Automatically
Enable Auto Relock to ensure your door always locks behind you.
